Vendor Comments

These heifers were purchased ex: "Old Barambah Station" in late October. Upon delivery they were grazed along the road for 3 weeks whilst we were waiting for paddocks to grass up after rain, which shows in their lovely temperament.

Assessor Comments	Buyers please see a 3 deck line of very good quality Santa heifers that would be ideal to join to the bull of your choice. These heifers have a temperament that you can't fault and show good breed characteristics. Alternatively they would also be ideal heifers to feedlot or take through to kill weights off grass or crop. Buyers please note a small percentage of heifers did have some old blight scarring that had been treated months ago and has healed up, not considered to be detrimental. All buyers in a tick free area or interstate locations please be aware these heifers are GUARANTEED CLEAR OF THE TICKS, so no risks involved in purchasing these heifers.
