Assessor Comments Buyers, a very Nice line of Angus and Angus X Euro type heifers, with great weight and shape for age. The Black Hill cattle are traditionally taken through to Domestic or Export slaughter weights on farm with ease. This is a rare time to be able to purchase these heifers to do a job on. They are sired by high quality sires and would also suit retaining as breeders or also the feedlot trade. They are grass fed and antibiotic free, so they will suit the lucrative grass markets, please note these heifers are currently being yard weaned. Any pink eye that develops will be treated.
