Assessor Comments

Good opportunist steers that are really on the improve over last 4-6 weeks. Steers are starting to really clean up in the coat. Big upside in these cattle given the opportunity. Early weaned steers that have been away on agistment and have responded well since arriving home. A deck of steers to go onto crop and respond without any setbacks. Out of well bred

medium frame cows by Eaglehawk and Coolie Angus Bulls. 22 Steers with blue spot or cloudy eye. 2 steers turned eye. 3 Steers have some swelling from marking. Looks to be swelling or fluid from being incorrectly marked. Vendor has 33 heifers in same sale.
