Assessor Comments: Buyers a very good line of large to medium framed BANQUET & BOORAMOOKA blood Angus cows with good quality calves at foot and have been joined back to the stud BOORAGUL Angus Bull. These cows are mostly in forward to forward store condition and doing a very good job on their calves. These calves have had a good start to their growth whilst running on crop over the Spring period, They have all had their first vaccinations of 7in1 and a Pilligaurd. These cows have raised top quality calves year after year and still have the potential to keep doing this. Please note one cow had slight pink eye and was treated at assessment. 1 cow had active pink eye at assessment and was treated.
