Assessor Comments	Excellent opportunity to buy an outstanding life of PTIC Angus Cows on behalf of Onalim Nominees. Vendor has been breeding cattle for the past 25 years with their cattle being noted as high performers in feedlots and having a great reputation with repeat buyers. These medium to predominately large frame cows were purchased at the Witherswood Herd Dispersal Sale and have been joined to top end Dunoon Bulls P380 and P812. Bulls are selected with a high focus on temperament, weight gain, EMA & IMF and structure. With a stud background, these cows continue to impress with great temperament, fresh slick coats and consistently showing great motherly tendencies. Buyers please note, vendor has another 16 PTIC heifers in the same sale.
