Quiet: 56 head	Quiet: 53 head Slightly Stirry: 2 head Stirry: 1 head	Temperament not assessed in Paddock

The temperament of these cattle is second to none. Very easy to work through the crush system and very calm and steady outside

Handled With	Bikes , Dogs , Horses , On foot , Vehicles
Assessor Comments	The Goodwin cattle are always a credit to the vendor. This is the first time the Goodwin's have offered up breeder cows and calves. Siblings of these cows and calves are generally sold into the feeder markets. They have had great success with feeding and carcass competitions and regularly top the market when offered on auctions plus. They are cattle that feed particularly well and impress in weight gain trials. Significant premiums are consistently achieved with these cattle and this rare opportunity to buy a run of young EU Pure Angus breeders shouldn't be over looked. The weight and performance of these cows would be hard to be matched not to mention the cracking calves that they have at foot. The cattle have already received a plunge dip treatment and will receive another before scheduled departure. We can organise to be cleared on farm or at the nearest clearing dip for the buyers convenience. The cattle will come with the full guarantee of clearance. Any queries pls call
