Cattle were a pleasure to draft and assess. Flowed through yards nicely. Odd cow exited crush quickly but settled back into mob well.

Assessor Comments A good quality run of Rennylea/Reiland blood cows PTIC to the Hazeldean bull (S1087). Cows are currently in their working clothes, have just had calves weaned off at assessment. Moderate framed cows that will put weight on quickly if given the opportunity and will calve down early August for 60 days. Calves off these cows presented very well in recent Cooma weaner sales and should do a good job for the successful purchaser. Please note: Agent can assist with freight to most areas.
