Handled With	Bikes , On foot , Vehicles								
Assessor Comments	Soft, feminine females that are PTIC to Low Birth Weight Angus Bulls to calve over a tight 46 day period. Moderate framed, roomy heifers from a high grade, productive & fertile Angus herd that should be an asset to any property. Heifers have grown out well and are not carrying any excess condition. Noted at Assessment were 1 x Heifer with a short bobtail, 5 x Heifers had white around the udder but not forward of the navel (see photos for largest white area) and there was a small amount of wart of a few Heifers. Vendor also has another 8 x PTIC Heifers same description & joining in this same sale, only selling separate as they were purchased in as calves on cows and are not vendor bred.
