Assessor Comments	20 PTIC Cows Acc. WC & MA McCrohon. The above cows present in forward store condition. Cows were originally bred by Ardrossan Angus clients from the Hay River & Mount Barker Districts of Western Australia. The McCrohon family purchased these cows directly from Ardrossan as PTIC Heifers January 2022 . Rejoined to Landfall Pheasentry S1157 on 25/11/23 till 31/12/23 to commence calving early September. Bull selection is a stringent process for the McChrohon family where fertility, strong carcass attributes, IMF, structure & calving ease are all major key's in their herd selection. Vendor places a strong emphasis on low stress stock handling which is clearly evident as these cows were a pleasure to assess. Here's an opportunity to secure a neat line of exceptionally well bred proven breeders which would compliment most spring calving operations. Please note 6 cows were observed to have varying degrees of pinkeye scarring (refer media) of which 1 was treated at assessment.
