Assessor Comments	2 EU accredited, registered Angus Cows with bull calves at foot, running continuously with Glatz's Black Angus S32. Originating from Millah-Murrah donors, these cow and calf units have great temperament and are a pleasure to handle in the yards. These young, 2.5yo cows with January drop bull calves at foot that are showing potential, have had their 7in1 and Pestiguard injections, and are a great opportunity for a purchaser looking to add quality genetics to their operation. These cows have plenty of genetics behind them and a lifetime of breeding in front of them. This is an opportunity to purchase well-bred cattle with quality genetics and pedigree that anyone would love in their front paddock. The vendor also has other lots in the same sale. *Please Note- If successful purchaser is an Angus Society Member seeking transfer of registration, an additional cost of \$500/head will apply.*
