These steers were an absolute pleasure to handle and assess. It is a true credit to the vendor for the amount of time and effort they put into educating these cattle. This run of weaners were apart of a weaner educating school run by Tom English which involved 20 participants handling the weaners over a 3 day period. They were handled with Tom English's Precision Working Dog training techniques.

Handled With Bikes , Dogs , On foot

Assessor Comments Buyers here presents an outstanding line of predominantly Simmental infused Steers. The Albany Downs cattle have a renowned reputation for their quality and overall performance both on grass & grain. Top quality genetics have been sourced for a long time from only the best studs. These Steers at a young age are showing excellent growth & muscle expression and will grow out very well. They are in the ideal condition to power ahead on good feed with great compensatory weight gain expected. These steers would be ideal to grow out to suit export or domestic feeder markets. This is a tremendous line of steers not to be missed.
