Cows and calves worked well through the yards well.

Handled With: Bikes , Dogs , Horses

Assessor Comments: A mixed mob of Droughtmaster and Angus cross young cows with their first calf at foot. Originally purchased from the Dalby Saleyards as heifers to background through to feedlot entry weights. Heifers were found to be in calf, calved out and are ready to be moved on. The cows worked well through the yards with some slightly stirry when being mouthed. Cows would be suitable for a trade opportunity. There is one plainer quality Charolais cross calf which possibly may have been sick in the past but is not showing any signs of illness now. Please refer to photos.
