Heifers were a pleasure to handle throughout the assessment process. Cattle are accustomed to frequent handling it is evident in the calmness these heifers present in the yards. With only 10 out of the 78 becoming unsettled once in crush during mouthing but were quick to settle once in mob. Would suit all stock handling ability.

Assessor Comments Buyers, on offer is an outstanding run of 78 PTIC Angus Heifers in calf to registered Landfall sires. These heifers will be offered as two even lots of 39 being split off the crush. The heifers show great weight for age weighing 440 - 630Kg to average 520Kg at assessment. Cattle were originally bred in southern NSW at vendors property and trucked up to "Rimbanda" to be joined. These cattle show tremendous temperament flowing calming through yards. Heifers would be an ideal mob to put back into a self replacing herd to boost numbers of quality females. Please note if only 1 mob is purchased the 10 S heifers will be split evenly. Vendor has another lot of 17 Black baldy PTIC heifers for sale to help with Trucking.
