Assessor Comments: A very classy lot of 5 HBR and APR Angus heifers with their first calf at foot. These heifers are well grown and will continue to mature into medium to large frame females. They display all the attributes that you would expect from Pentire Angus Stud bred females - bone, natural thickness, length and capacity. Pentire Stud prides itself on structure and longevity of their females. Pentire Stud is very focussed fertility and temperament, this is evident by how easy these heifers are to handle. Sired by DMM Creed 75Wpv, Pentire Quad Q9sv, and Milwillah Elsom P184sv. Calves sired by Pentire N43. Calves have not been marked. This is an exciting opportunity for someone looking to start an Angus Stud or add into already established Angus Stud. NB Vendor has another 4x4 heifers in same sale.
