Quiet: 3 headQuiet: 3 headTemperament not assessed in Paddock

2 big days of drafting, mothering, preg testing, weighing and then photographing. These cows remained quiet and sensible throughout entire assessment. Just 1 getting a little bit upset once out in the big yard, and back with her calf, wanting a bit of her own space, and rushing away from the pressure.

Assessor CommentsThe late Peter Sutherland was first & foremost, a passionate Murray Grey breeder. However he had an eye for quality, and

could appreciate good stock, no matter the breed. Which led him in to breeding some top quality Angus cattle. These females are deep, long, true to type Angus females, and would make an excellent addition to an operation of any size. All Preg Tested as over 4 months in calf.
