Assessor Comments	*Thologolong Murray Greys* This 'End of an Era' sale presents a one off opportunity to purchase Females direct from the Heart of the Original Murray Grey Herd. The Sutherland Family developed the Murray Grey Breed in the early part of the last century, with a focus on producing a polled beef animal, that can not only withstand, but thrive in the Australia conditions! The Murray Grey breed are now recognised all over the world for their feed conversion, sound structure & easy, docile temperament. These lines of females follow a long, rich history of successful showing, to both Royal & National level, as well as great success in feedlot trials. This line of females are in lighter condition as they are carrying bigger calves, with a couple of very good Bull prospects. This sale presents a chance to take home a piece of history and appreciate some of the founding bloodlines of the Murray Grey Breed in your paddock!
