Weaners flowed through the yards well for first time being drafted. The odd steer stirred under pressure in smaller yard and in crush but settled straight away once back with mob. Weaners will continue to improve with more education to be given prior to delivery.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles
Assessor Comments	Buyers 3 Decks of PCAS eligible Droughtmaster & Droughtmaster X weaner steers that present in fresh store condition & best described as being medium to large frame. Steers have been weaned over a period of a week being fed hay in yards and tailed out with bikes, horses and dogs. Steers show plenty of bone, length & frame that are ready to grow out on improved pasture. A good line of weaner steers that will continue to grow out as good heavy feeders or bullocks.
