	Steers were generally good to assess with the exception of 6 I have assessed as slightly stirry and 1 as stirry mainly because they were faster in the yards and jumped around in the crush. I do believe with more handling they would settle into quiet steers.

Assessor Comments	Buyers on offer a great opportunity to purchase weaned Brangus steers with all the hard work done. These steers have Telpara Hills & Mary Valley Brangus Bloodlines in them and will grow into great domestic feeders and bullocks. They have an Av. curfewed weight of 285.6 kg and present in store condition. These steers have been assessed as 24 being good framed medium to large steers with the exception of 3 being smaller framed steers. Please note buyer's vendor is offering steers clear of the dip and has pretreated them with a dectomax inj on assessment day. Also note 1 steer has a navel lump and 1 with a ripped ear. Please see photos and video for your satisfaction.
