Assessor Comments	Very nice even draft of 14 Angus Weaner Steers. These steers are only a Sept/Oct '23 drop and are showing very good growth and weight for age. They exhibit a nice deep, shape and length to them. The Gunago calves are always quiet and very easy to handle and have a good reputation for performance. Based on a mainly Karoo Angus herd with a a bit of Wattletop in some purchased cows these calves have good breeding behind them and wont disappoint.
