Assessor Comments	A B-Double load of weaners off the renowned Bolaro Station. This is the lead 104 steers out of 455. Steers have been weaned since the 3rd of March and are just starting to bounce forward again. Bolaro have been using Rennyalea Angus genetics for 10 years with a focus on growth and IMF, targeting Rangers Valley feedlot and other repeat buyers. This is a rare opportunity that these noted doing cattle are offered onto the open market. Presenting in forward store condition, these steers will respond well to crop if given the opportunity. Will reach domestic/export weights if given the opportunity. Please note: The next cut of 115 steers also in todays sale. (219 lead run on offer - 2 BDoubles).
