Assessor Comments	51 Angus/Friesian cross heifers 10-13 months old Ave 229.5Kg (curfewed) A great opportunity to purchase a vendor bred line of heifers bred by Ardno Angus sires out of mostly Friesian cows with odd heifer from Friesian/JerseyX cow. Complete drop of vendors beef cross Heifers. After a tough spring followed by a dry Autumn these heifers are in store condition and would respond quickly to feed. Ideal cattle to grow out to join, take out to feeder weights or take on and fatten. Vendor is keen to move these cattle on and has a realistic reserve.
