	These heifers were an absolute pleasure to handle and assess. They were preg tested Tuesday morning and then run back over the crush directly after and weighed/assessed. The odd heifer become slightly stirred up when caught in weigh box however when released soon returned to a calm state.		
Handled With	Bikes , Dogs		
Assessor Comments	Buyers, here presents an opportunity to acquire a fantastic line of Vendor Bred PTIC Heifers. This run of Angus Heifers are preg tested 4-6 Mnths in calf and are due to start calving in August. These Heifers display a wealth of natural femininity and will grow out into a beautiful line of breeders in time to come. The Heifers were joined to smaller frame Heifer Bulls to assist with calving. The Brazil cattle are renowned for their fertility with this particular mob of Heifers producing a pregnancy rate of 95%. The Brazil Cows develop into large frame heavy Cows with most aged fat cows weighing between 500-650kg. Buyers please note the Heifers assessed as Angus x Angus x will suit a large majority of Angus programs. They either displayed a small amount of naval, ear or white underline. Please view photos and video for full breed satisfaction. A fantastic line of Heifers not to be missed.
