Assessor Comments	Buyers, on offer is an outstanding run of 17 PTIC Angus X Heifers in calf to registered Landfall sires. The heifers show great weight for age weighing 470 - 640Kg to average 546Kg at assessment. Cattle were originally bred in southern NSW at vendors property and trucked up to "Rimbanda" to be joined. These cattle show tremendous temperament flowing calming through yards. Heifers would be an ideal mob to put back into a self replacing herd to boost numbers of quality females. Vendor has another lot of 78 PTIC Angus heifers for sale to help with Trucking. For further information please call.
