Assessor Comments	A quality line of 23 x 20-21 month old Angus/Shorthorn cross PTIC heifers, 'Weebollabolla' and 'Yamburgan' blood Shorthorn cows by 'Nampara' and 'Wrigley cattle Co' Angus bulls, joined to low birth weight 'Nampara' blood Angus bulls (tag T01, and T07) from the 07/09/23-13/12/23. The Stuckey family have been breeding Shorthorns based on 'Weebollabolla' bloodlines for over 50 years, and in the last 10 years 'Yamburgan' blood has been introduced in to the 'Mookabri' herd. These cattle are renowned for their fertility, large frame with wide pins, good temperament, high milk production, and easy doing ability. *Buyer's note; some heifers are showing signs of ringworm, not considered detrimental to health. Cattle are PTIC but are unable to be displayed as so, due to new AuctionsPlus terms and conditions.
