	Typical Bolaro cattle. Very well handled and educated. All Bolaro cattle are yard weaned and walked through yards each year. This lot were a pleasure to assess. Odd cow rushed out of crush but settled back into mob very quickly.

Assessor Comments	An excellent run of top quality EU cows and calves out of the renowned Bolaro Station herd. These proven breeders are very rarely offered to the market and are only being sold now due to them being out of sync with the Bolaro herd due to a bull break down. Cows are presenting in very forward condition and are providing plenty of milk to their sappy January drop calves. The cows are 7.5 years and are classed heavily each year on fertility and structure. The calves of these cows are highly sought after each year by Rangers Valley Feedlot and all come EU accredited, Greenhams Never Ever/Teys Grasslands accredited. Calves are all marked (28 steers, 13 heifers) on the 15th of March and are by Rennylea S973 (+12.1 EMA & +4.7 IMF). Please note: Agent can arrange freight to most areas with weekly market trucks.
