	The Cows were taken straight off their Calves for assessing and were a little bit upset as you would expect, however, they were no problem to handle and just 4 or 5 pushed up hard in the race.

Assessor Comments	Young Cows (technically could still be called Heifers) which are all in calf to the Red Wagyu Bull for a Sept/Oct calving. There are 67 in the mob which we are offering as Two lines, run out the gate of 34 and 33 head. All Cows were weighed to av. 474 Kg. They have not had any special treatment and they have been rearing their first calf which were taken off at assessment. They are well enough bred and are generally medium to larger framed with 4 or 5 Smaller Cows in the mob. With their calves gone and some decent feed in front of them you won't know these young Cows in a month or two. Two Cows in the mob noted with scarring from old Pink eye infection.
