	Very good to handle through the yards. Only a few stirred up in the crush but settled quickly once outside. The Vendor always works cattle very steady through the yards and they have been round yard drafted.

Assessor Comments	108 GQ HGP Free Vendor Bred Crossbred and Brahman weaner steers. Ideal steers to grow out to Feeder or Slaughter weight for the Domestic, Heavy Export or Live Export Market. The steers range from 212 to 388kg and averaged 285kg at assessment. They were weaned in two groups last year so have a range of weights. They have been well handled and most are very quiet. Bred in the Mt Isa uplands country these steers will power ahead on better quality feed. They have good feet and majority have been well dehorned. The few horned ones in assessment have only short weaner horns. 1 steer was observed with small warts and a bit of blood around the eye however was not considered detrimental. These steers are being offered dollars per head, guaranteed clear of dip at the Cloncurry Saleyards on Monday 6th May. Vendor has 3 decks of weaner heifer in the same sale.
