| Assessor Comments  | A line of predominantly Angus X EU accredited, vendor bred, weaned steers that present in strong store condition. These steers have been running in light timbered country and offer potential buyers good compensatory weight gains. Regrettable sale for the vendor due to lack of summer rain resulting in minimal feed coming into winter.                                               |  |  |
