Assessor Comments	A very good quality line of steers sired by Dulverton, Glenavon & Wattletop Angus bull. Grass fed & Antibiotic free Steers show good growth for age, softness and sound confirmation. Steers are in fresh store condition allowing for good weight gains given the right opportunity going forward. Steers would ideally target feeder markets or alternatively be carried to heavier weights to process. Steers whilst being on mothers have been well handled with dogs and horses. Vendor has one other lot in this sale to make 2 decks of cattle
