Assessor Comments	An attractive line of EU speckle park heifers,. Considered these soft long heifers easy to handle with loads of potential. Properly yard weaned & bunk trained ~after a drench , vaccine and multimin they look primed to perform quickly on good feed & crop to fatten or better still join to have very good potential matrons.. A recent kill of older brothers marbled an average of 3.73 for 108 head off feed. A highly recommended line of attractive EU heifer weaners
