Assessor Comments	16 Angus X Weaned Heifers. Out of a very good Tablelands Hereford Cow herd based on Courallie J Hereford blood these Heifers are sired by Alloura Angus bulls. Heifers that are showing a nice type to them with a good deal of bone and depth about them. Heifers have been weaned up for 6 weeks and have really bounced since. These calves grow out very well and make very good feeders but have also been taken out successfully to heavy trade heifers, also would grow into very sound productive breeders. Vendor is willing to truck calves to his town yards for easier trucking access. Note vendor has a lot of Hereford Steers and Angus X Steers in sale.
