	A nice draft of 11 PTIC Cows that were running with a Charolais Bull. These Cows display good frame and good temperament. Cows range in age from 5 to 8 years and with talking to the vendor he said they milked well last year. Their last draft of calves topped Dalby sale in April this year. There are 2 light Grey Cows in the draft as you will see in photo's, 1 has a capped hip and 1 has a sprung rib, both not showing any affect to breeding and not affecting movement. Here is a great opportunity to purchase a draft of Cows with good frame with a Positive Preg Test from Pittsworth Vets. A nice line of Polled Cows that worked well through the yards and during assessment and in a tick free area. Cow's had weaners removed early April.
