Assessor Comments	Cows with good calves at foot, these Cows are milking well and doing a great job with this calf. Two of these Cows were preg tested just under 4 moths while the third Cow was too early to detect. These have all been running with the Charolais Bull till 16-04-2024. Good frame Cows with good temperament and still some good years of breeding in front of them. Would be a great addition to your herd or a good starter herd. Calves were not NLIS Tagged at assessment but will be done prior to loading The Limo Cow as you will see in photo's has some fly scaring around eyes & 1 Grey cow has old blight scar but has good sight, only a slight blue shadow.This Vendor also has 11 PTIC Cows in this sale.
