Assessor Comments	Very good line of Angus PTIC Heifers principally Wattletop bloodline, Heifers were purchased from the Skipper family as weaners. Heifers are showing good feminine traits. They are joined to Choice Angus Bulls BBY 22 T159 , BBY 22 T219. Bulls are low birthweight and were selected for calving ease. There are 4 heifers that are vendor bred in the mob which are choice Angus bred females. Buyers, please take note of the very tight joining. One heifer has white from the back of her navel to her udder, three heifers have a bit of white on their udders and two have old pink eye scarring in one eye but it is not effecting their eyesight. Buyers please also note, vendor has another 38 heifers in the same sale. Well bred females, buy with confidence.
