Assessor Comments	A small but very astute well bred line of Young PTIC EU Angus cows that 100 % Glenavon angus blood. This line of Proven breeders will not only suit the the accredited EU breeders but any one looking for a very smart female to top up their herd. This line of young Cows are only for sale due to forced herd reduction due to a reduction of land. Cows are big framed females and present in forward condition. Cows are PTIC to Glenavon Genetics and are due to start calving in August. A focus and emphasis is put on IMF, 600 day weight, mature cow weight and milk in the EBV traits when selecting bulls for the Glendon herd, a great opportunity to any one to fast track their production plan by introducing these Cows backed with quality Glenavon genetics that has been built up over many years, Front Paddock cows that wont disappoint.
