Assessor Comments	47 PTIC Angus Cows for a late Jun-Aug calving.. Out of a Blue Ribbon Central Tablelands Herd. These Cows are Ardrossan And Crosby Bloodlines, are 5-8.5yrs and are showing a great deal of depth and style to them and in Calve to Crosby bulls. Are out of a very productive fertile herd of cows with empty cows culled. Cows have all raised a calve last year with body condition a little variant with heavier cows weaning calves at start of the year for early store sales. These cows calves regularly sell well in the local store sales and generally have repeat buyers!!
