Assessor Comments	Offering on behalf of the Grice Family at "Wongarwil" Kolora is part of the autumn calving herd dispersal, consisting of 20 NSM Angus cows with calves at foot. Cows are mature aged, ranging from 7 to 10yo, with a portion of cows still showing plenty of freshness and present an opportunity to join again to bull of choice, or units would suit a trade/split job later in the year. Calves are sired by Barwidgee and Weeran blood sires, and present in fresh sappy condition, cows are great mothers with plenty of milking ability. Calves range from 3 weeks to 7 weeks of age.
