Fresh condition with softness and shape to go and perform given the opportunity purchased in spring 23 as weaners and yearlings. Steers have performed well on improved pasture. Small percentage of steers were mouthed and all found to be milk teeth. 6 steers small blue spot. Out of the 100 steers there is 2 with white belly and 4 steers slight cross. Steers will be offered as a run out the gate. Steers weighed 400-520Kg at assessment. Vendor has 57 lighter steers in same sale.
