These steers moved through the yards efficiently during the assessment process. Some steers were nervous in the race leading into the crush. 9 steers were agitated in the crush while being weighed but calmed when through the draft and back in the mob. Steers have only been recently weaned and will benefit from additional handling.

Assessor Comments	A neat B-Double of one mark, vendor bred Angus steers. These Mundarra Blood calves are 8-9 months old and are showing good frame for their age. Steers are 3 weeks weaned, drenched and given the opportunity will jump ahead. The Parfett steers are renowned performers with buyers returning to purchase them annually. Please note the vendor has 136 heifers offered in the same sale. This presents a great opportunity to put together 250 one-mark Angus calves from one of the most well-regarded herds in the Tablelands.
