Assessor Comments	A very neat tabletop load of Angus weaner steers. By the Glenarvon and AI sires ex a very nice cow herd these steers show plenty of scale and capacity to grow. Yard weaned way back in February they are primed to power on from here. NLIS tags were scanned at assessment so no stress to do the transfer if required. Extremely quiet after a proper weaning and handling routine, the only disappointing feature is there is 26 of them and not a full three decks! If the number suits you wont go wrong here, well worth a close consideration.
