Handled With	Good calves to handle the odd calf under pressure was quick but as a whole were easy enough to handle Bikes , Dogs , On foot
Assessor Comments	An excellent lead draft of 58 out of 120 steers all weaned and given the full animal health treatments. Steers are in ideal condition to go onto feed and go forward. Out of very good cows predominantly purchased off the Milner family and a Crawford Angus blood herd dispersal. Two steers noticed with small eye blemish and one steer with some white near navel. These steers also have a Ruminati climate baseline.
