Handled With	Cattle are generally quiet and well handled. a few cows noted to stir up during weighing but settled well for photos. Bikes , On foot		
Notable Traits	Traits 4 Head Blue eye/Pink eye scaring		
Assessor Comments	An excellent line of second calving PTIC Angus cows due to calve in the Spring. The Lucas family have a long history of breeding outstanding Angus cattle to perform in any conditions. Progeny from this herd are regularly sought by all major feedlots and are known for their performance. This is an opportunity to purchase exceptional Angus genetics that would be an asset to any breeding operation. These cows show good type and frame and are in ideal condition for this stage of the pregnancy. They have years of Reiland genetics behind them and would be ideal to top up prior to spring calving.
