Led out to the holding paddocks quietly and happily grazed whilst walking through taking photos. Bred for temperament, as well as extensive handling makes these females a real pleasure to deal with. Could not have asked for a better behaved draft of young females. A credit to the vendors.

Assessor Comments	Once again an outstanding draft of young Table Top Angus PTIC females with an opportunity for the prospective buyer to jump ahead in years overnight with there breeding operation by purchasing top end stud quality genetics with females that have a list of pedigrees a mile long. Tim & Jess have taken great pride for many years now breeding top tier Angus cattle and these are no exception with not only a tonne of breeding but also extremely quiet that even the most inexperienced stockman could handle. These females were to be retained in the commercial side of the herd however due to ongoing dry seasonal conditions it has become a real chance for someone to secure these magnificent females that don't arise everyday. These 20 month old Heifers CC on the 16th of July for 4 weeks of which 9 AI'd to TeMania S709 +7.1IMF & 8 Joined to LBW TTA Bulls and are in ideal calving condition. TTA is very highly regarded and well respected Angus herd and these cattle are definitely not too be missed!
