	Heifers performed well in yards. Odd heifer became slightly agitated when put on scales.			
Assessor Comments	RM & DM Wolter offer 33x33 angus heifers and calves. Heifers are bred on Dunoon, Ardrossan, Island & Witherswood bloodlines that really shine through in these heifers quickly becoming exceptional smart young females. C.A.F are by Rossrich (S69 & S106) angus bulls and have the potential to grow into strong young weaners. These units present very well coming into the start of the winter months and would be a perfect addition to a excising or future herd base.
