| Assessor Comments             | A very nice draft of Angus Heifers & Calves with a tonne of breeding behind them. These Heifers were purchased as PTIC females off Gradamier Angus bred on Maylands in Central Victoria sired by the highly regarded top end Banquet Bulls, often topping the Blue ribbon sales in Kyneton. They are doing a terrific job on the calves and majority holding there condition pretty well considering the dry seasonal conditions currently been experienced. There is a couple of heifers in lighter store condition but as to be expected they have the oldest biggest calves. These females are just over 2 years of age and are medium to large frame. They have plenty of milk and the calves are very fresh and bouncing ahead. All the hard works been done, Cows have all be drenched for worms and fluke along with Booster vaccinations and the calves have been marked and have had there first 7in1 needles 10 days ago. These females are extremely quiet and would most definitely suit the most inexperienced stockman. |                     |
