Docile: 9 head Quiet: 6 head Slightly Stirry: 3 head	Docile: 5 head Quiet: 10 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

In a difficult set up, cows and calves moved well throughout the yards with only 3 Cows becoming nervous under pressure and weren't comfortable in tight spaces but once eased into a larger yard 2 calmed very quickly. 1 Cow still watching us but not aggressive. In the crush 3 cows presented slightly stirry and uncomfortable. These Cows are well experienced and for the majority were very easy to handle. Calves stood quiet under assessment with nothing phasing them throughout the experience.

Assessor Comments	18 x 18 Angus Cows & Calves A Quality line of Cows & Calves for purchase, with years and years of Angus Breeding behind them, this mob will suit anyone looking for an easy manageable lot to take home, run on and join with the bull of their choice. Cows all have their 3rd calf on the ground and are in their prime breeding years. Through a tough summer and a lack of feed coming into what has been a cold turn around, these cows have been set for sale. Given some room and a bit of grass ahead of them these cows would excel with their baby calves at foot. An easy purchase recommendation for someone looking for some quality genetics and an easy to manage bunch. Please note some cows present some white in udders as seen in pictures and videos. Please excuse the muddy yards and cattle, weather conditions were not favourable the night before. Please not Vendor has another lot in this sale.
