Assessor Comments	The Delaney family are proud to be offering their entire herd of Angus cows in two lines. These cows are only being offered as the Delaney family have decided to lease out their farm. Sourced out of Mortlake weaner sales from renown Angus herds in the Western District these cows have produced excellently since they have entered the Delaney family breeding program. Regularly having calves in our first lane of weaners in the November store sale, the successful buyer can be confident that these cows have the genetic power required. These calves are Feb/Mar drop, marked and giving their 1st 5in1. The calves are sired by Ballangeich & Claremont Angus bulls selected on low birth & high growth. The same bulls have been running with the cows and calves since the 14th of April and will continue to run with them until delivery. (If the successful purchaser wishes there is an opportunity to purchase these bulls too) A great chance to secure Angus cows & calves to start or top up your herd.
