Assessor Comments	An outstanding line of classed Egelabra breeders, with the Narrawin flock being classed by Andy McCleod for many years. The ewes are very well grown with excellent barrel and stretch with good spring of rib. The ewes have a well nourished fleece with great staple length of bright white wool. They are scanned in lamb 142% to top grade Egelabra rams which the Narrawin flock has been based on for over 40 years. This is the complete dispersal sale of the Narrawin breeders as the property has been sold. The rising 2 year old and rising 3 year old sisters of these ewes are also being offered in this sale. The sale of the Narrawin flock offers a very rare opportunity to buy a complete flock of absolutely outstanding young classed breeders with over 40 years of breeding on Egelabra bloodlines behind them. I cannot recommend these ewes highly enough
