| Other Joining Details  | Ewes were joined for 7 weeks to Bungoona Merino Rams. Scanned at 125%.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Assessor Comments      | Buyers, to be offered for sale are 85 Merino Ewes SIL at 125% to Bungoona Merino Rams. These vendor bred ewes are Bungoona Merino Blood and show a medium frame that I have no doubt will continue to grow. Ewes are 2 year old. These ewes have had a very successful joining, scanning up at 125% as maidens. Due to commence lambing right at the start of July for 7 weeks. These ewes are mulesed. Very white and bright stylish fleeces. These Ewes are on the do and are in ideal condition to lamb down. These Ewes are all classed in and are only being offered to the market due to a change of enterprise. A great opportunity to secure a line of 85 Vendor bred, Bungoona blood, Maiden Merino ewes scanned at 125% for a July lambing. A great mob to add to an existing breeders flock or a appealing trading opportunity. |
