| Assessor Comments | Buyers, here is a good line of well bred weaned EU santa Hereford steers that ave 309 kg. These steers show great frame with length of body. Steers have nice spring of rib with depth of flank and bone. Steers are very well bred being out of Smith bred medium to large frame Hereford cows by top quality Yulgilbar stud Santa sires. Steers where good to work through yards. Odd steers agitated under pressure but given time settled down. Steers are grass only & antibiotic free. |
